About us

Established by artists in 2013, TIAF London is an annual addition to the art fair calendar. We aim to provide a platform that puts artists rather than the market at the forefront, with a quality over quantity ethos we seek out fantastic spaces on the periphery of more expensive venues in order to reduce costs to artists thereby removing either the financial restrictions or gallery exclusivity that prevent much exciting, contemporary work to be seen in major commercial fairs.

Join us for an inspiring evening of international art, music, performance and drinks.
